THE CONSEQUENCES

— NO ON CI-134 —

Yellowstone Club billionaires are trying to sneak a ballot initiative past Montanans that will lower taxes on their mega mansions' BUT cripple our public services and defund firefighters & law enforcement.

Elite out-of-state second home owners tell us that CI-134 will lower your taxes, but they're hiding the measure's dire consequences for hardworking, full-time Montanans.

Paid signature gatherers will be out in Billings, Missoula, & Bozeman.
Don't let wealthy outsiders pull a fast one on us!

WHAT WE CAN DO: DECLINE TO SIGN!

Adding bad tax, housing, & voting policy to the Montana Constitution means that when it fails, we'll suffer for decades!

DECLINE TO
SIGN
CI-134

- ✗ **30% cut in funding** for fire, police, sheriff, and other essential local services.
- ✗ **Locks out new homebuyers** from the market, prevents owners from downsizing, & creates vastly different tax rates for similar properties.
- ✗ **Changes Montana election law**, stripping voters of our ability to pass needed local levies.

**California tried this.
It failed miserably.**

Don't turn Montana into California!
